RECORDINGS, BOOKS, & RECOMMENDED READING LIST

Instructions on How to Use Your Success Center Customized Program Sheet.

Your customized program sheet is your road map for getting from where you are to where you want to be in every area of your life. It is meant to provide value for you whether you have elected to take your whole program of hypnosis sessions, only some of them, or are just going to visit the library. Based on the priorities you and your hypnotherapist established together during your life guidance discovery session, it is as individual as a thumbprint.

If you are not working with a hypnotherapist, do consider the rest of your road map. The easiest way to make use of it is to get your Customized Goal Manifestation Recording (CGMR) which contains the affirmations in that roadmap embedded in a guided meditation designed to reinforce the suggestions you received during your Life Guidance Discovery session. Our streaming service at ReachForTheStars.Today is then programmed for you by your hypnotherapist to play the recordings specifically associated with those affirmations in the order of what is most important for you. They play in rotation over a period of weeks or months to reach that magical 21 nights each needed to change a suggestion to a positive habit in your life. Your CGMR plays a few times a week automatically as you sleep.

Listening to your Customized Goal Manifestation Recording, the Hypnotic recordings on your Roadmap and reading the instructional books on that Roadmap is the next best thing to private sessions with a hypnotherapist. Doing this also acts as a reinforcement to your private sessions. If you get recommended books from the library, be sure to do the exercises in them. Feel free to call your hypnotherapist or Success Center's main office with any questions about how you can best use and benefit from this unique tool. We're here to help.

The code 'E1' is your top priority in the Essentials category – problem resolution and those items you and your hypnotist agreed were most important for you at this time. These will be covered first if you are taking the hypnotic portion of this. 'G' is for Growth – self-actualization. It is generally covered after the Essentials with 'G1' being the top priority here. 'S,' 'T,' 'B' and 'L' are codes that may be on your program that can be purchased through Success Center and have been included under costs for recordings and books on your program sheet. All the items from Success Center, are available under the heading Items Sold by Success Center from pages 2 – 11. The next heading is Items created by Success Center Associates, page 12. Items created by affiliates of Success Center is on pages 13 – 15. Items we recommend to buy elsewhere is on pages 16-17. On page 16 are recordings (M on your program sheet) to buy from anyplace online. On page 17 are books to read – these are coded with an 'R' on your program sheet. 'M' and 'R' items should be ordered immediately so you can be prepared for your hypnosis session with your hypnotherapist.

Listen to your hypnotic recordings at night, practice self-hypnosis in the morning, and listen to the educational recordings in your mobile university (your car.) You'll get results!
